Dr. Murigendra B. Hiremath is Professor and Chairman of the Department of Microbiology and Biotechnology at Karnatak University, Dharwad, India. He earned his M.Sc. in 1996 and Ph.D. in 2000 from Karnatak University. He has served at the National Institute of Advanced Studies, IISc Campus, Bangalore, and later as Scientist and Chief Coordinator for Clinical Trials at KLES Kidney Foundation, Belgaum, until 2013. He was also an Adjunct Faculty at NIAS, IISc Campus (2013–2015) and a member of the India Tuberculosis–Diabetes Study Group sponsored by WHO–The Union–World Diabetes Foundation.

His research spans Medical Biotechnology and Microbiology, with significant scientific and societal impact. He has guided 10 PhD and 2 MPhil scholars, with several more currently under supervision. He has published over 250 research papers, 8 book chapters, and a book on Environmental Biotechnology, and holds one Indian patent application.

Dr. Hiremath has received the Best Research Publication Award from the Vision Group of Science & Technology, Government of Karnataka (2013), and Karnatak University (2017, 2019). He is an Associate Member of the Karnataka Science and Technology Academy, has presented research at national and international conferences across Europe and Asia, and has organized several ICMR and PM-USHA (Prime Minister’s Uchchatar Shiksha Abhiyan) sponsored scientific events.
