2. UNIVERSITY AUTHORITIES:

a. Strengths, Weaknesses, Opportunities and Challenges (SWOC) analyses made and action taken.

Strengths:

1. High public perception sustained by strong teaching as reflected in students' excellence attained, good exam performance, more placements and progressive careers; quality research as demonstrated by papers in reputed peer-reviewed journals with higher metrics, articles and books; accredited at A grade for three consecutive terms and eminent alumni.
2. All admissions are based on inclusivity-cum-merit.
3. Meritorious and motivated students are attracted both from urban and rural areas.
4. Qualified and motivated teaching faculty with professional recognition.
5. Adequate infrastructure for class rooms, ICT, hostels and student support services.
6. Curricula that is modern, learner-centric and skill-centric. They impart contemporary outlook, leadership aspects and ethical values.
7. Responsive governance both in academic and administrative decisions.
8. For high quality research in science disciplines, the state-of-the-art instrument-rich centers, programs and schemes exist at par international level.
9. Ambience and infrastructure that promote Co-curricular and Extra-curricular activities.
10. A Central Library with a large collection of books, periodicals, journals both physically and digitally resourceful for learning, fellowship and scholarship.

Weakness:

1. Pending 'reforms' in academic and administrative matters in response to the present needs for faster decisions and deliverables.
2. Mobilization of funds/block grants not commensurate with rising demand for creating physical facilities, campus up-keep, electronic, digital resources for e-governance and maintenance costs of equipments procured under major programmes.
3. Dependence on tuition and other fees without parallel income-generating avenues.
4. Rising Student-to-Teacher ratio caused by the delay in the appointment of teachers.
5. Largely conventional administrative procedures due to the partial e-governance implementation.
6. Delay in the deployment of students' management digital services for monitoring progress, etc.
7. No mechanism in place to bring arts, social sciences, management, law and education departments on a level- playing field with the performing science departments with regard to quality research.

Opportunity:

1. To provide access to more number of aspiring students for pursuing PG studies and research by increasing enrolment, physical infrastructure, support services and making faculty appointments.
2. To raise GER in accordance with NEP by sustaining and enhancing quality in teaching.
3. Aligning curricular aspects with NEP and national missions.
4. Adoption of blended learning and skill development in curricular aspects.

5. To initiate policy drafts on procurement, R&D, innovation, IPR, Start-Ups for boosting research, innovation, consultancy and a culture of patenting.
6. To introduce policy for wider involvement of students and teachers in the local area development.
7. Increasing networks, linkages and collaborations (MoUs) with institutions for enhanced quality research both at the national and international levels.
8. Strengthening alumni networks for participation in the University development, guidance and resource mobilization.
9. Adoption of 'Best Practices' as part of the Campus development and Outreach activities for more interfaces with the society.

Challenges:

1. To secure adequate funds/grants from the concerned government departments for meeting rising expenditure.
2. To design curriculum aspects for imparting ethical values, to promote knowledge acquisition, to boost placement prospects, and to make the student 'a good citizen'.
3. To prepare students to become 'learned', service-oriented and leaders.
4. Low quality students coming from more number of affiliated colleges which are offering PG courses without fulfilling obligatory criteria imposed by the College Development Council.
5. Multi-factorial trend in 'demand ratio' drop for enrolment to various PG courses, which includes new competitors and availability of job-linked courses in the market.
6. To provide friendly-academic & -administrative environment for sustaining motivation of the teachers during their service.
7. To attain the benchmarks in research across all the disciplines.
8. To engage with the stakeholders on a sustainable basis for the overall development of the University.

Action Taken:

A strategic plan has been prepared to harness the strengths and overcome the weaknesses. The focus is on navigating towards adoption of the provisions of the NEP

- 2.c. Administrative and academic reforms ushered in based on NAAC peer Team recommendations and Administrative and Academic Audit (AAA) Committee reports

AAA Recommendations

General Administration

- Maintenance of proper documentation along with soft copies, to be preserved in all the departments and administrative sections.
- NAD should be made effective from inception. Digi-locker facility should be started.
- In view of destruction of files and records by white ants and rain waters, it would be proper to have strong and safe record room would be essential.

- Some of the employees who have been serving for more than 15 years on outsourcing/Contract basis need to be immediately regularized. The regularization process can consider 15 years of service as a benchmark and a performance review can be the yardstick for regularization. If need be separate statute can be made for the purpose.
- Necessary information and awareness providing booklets related to statutes, guidelines, directives etc., should be made available for employees through Prasara.
- E-governance should be implemented across the University effectively using SAMARTH and other portals recommended by the Government of India.
- The finance section needs to be upgraded with existing Financial Management Software- Tally ERP 9 for maintaining double entry book keeping.
- Corpus fund needs to be created in the name of safety insurance and welfare fund collected from the University and affiliated college students.
- * A larger corpus fund needs to be created to meet unforeseen needs of the University.
- * Reinvigorating the Alumni Association
- * For fund-raising to meet demanding needs of Karnatak University in providing quality education, student-support services, expand infrastructure, Section-8 Company may be created to raise funds from individuals, agencies, NGOs, government bodies, etc. Funds donated to this Company may be exempted under IT Act.
- * NIAS type of institution should be started in the University.
- * Undertaking gender auditing
- * Non-teaching staff shall be given ICT training.
- * Functional ICT Should be started given to all the departments.
- * Computerisation, Wi-fi With adequate bandwidth be provided.
- * Appropriate drinking water facility, adequate furniture should be given to all buildings and departments
- * Alumni engagement shall be made more functional in all departments.

Academic Programmes

- * Multidisciplinary programmes should be encouraged and strengthened.
- * CBSE syllabus should be made outcome based, Training is to be given to teachers on outcome learning.
- * MOOCs, NPTEL and SWAYAM should be implemented.
- * The academic programmes be reoriented to produce graduates who are employment ready.
- * The system of self financing as far as diploma and certificate courses is concerned shall be dispensed with as this is a state funded University. Normal fees may be prescribed for these programmes.

Teachers Related

- Individual faculty performance in terms of their contribution to Research/Publication/Teaching should be carried out on annual basis.
- Attention is to be paid for improving the quality of Research output.
- Appropriately incentivizing the teachers securing external projects and those who have contributed significantly to the research output.
- One teacher, one research project should be encouraged (a minimum of one project).
- There should be a system of Pay for Performance (P4P) for deserving faculty members.
- Similarly there should be a mechanism of disincentives for defunct or those who are not performing up to the mark.
- Teaching Assistants should be assigned one week training on teaching methodologies including preparation of PPTs.
- Departments with six or more teachers should apply for programs like SAP/FIST and they should apply to the next level of funding.
- A common grievance of the research scholars is the delay in forwarding of letters from the Department to the University office. In this regard, research students' letters/papers with regard to their fellowships/scholarships and other related matters are to be sent to the University office as per the stipulated circular from the University, i.e., within two days from the date of submission of the papers by the students to the Department office.
- Shortage of faculty members is found across the departments which should be addressed on priority basis.
- Permanent faculty should be filled as early as possible. More than 65% of the positions are vacant. There is resource crunch in teaching. Till then teaching is to be strengthened by making provision for visiting professors, fellows, senior fellows, research consultants, lifelong professors, chair professors, etc.
- The University has to consider the possibility of initiating measures in getting talent and wisdom by appointing Professors on invitation/Adjunct Faculty/Visiting Professors.
- Problems of coordination in the single teacher departments need to be addressed;
- Ensuring use of ICT for teaching is essential and needs to be encouraged. If required awareness programmes should be organized.
- Faculty Development Programmes at all levels are to be organized periodically and to be made compulsory for all faculty members.
- Follow up of feedback analysis on teachers in an objective manner is essential.
- Assessing the quality of teaching assistants –accountability; conducting student feedback of guest faculty
- Appointing one coordinator for collection and analysis of feedbacks

Student Related

- Students for Open Elective Courses are to be allotted only to the PG Departments with PG Programmes where there are regular teachers.
- NET, SLET, GRE, G-MAT, CAT, TOFEL training programme shall be provided to all the students of the University.
- Diversity of students is lacking in the University- outside the state and foreign students should be encouraged- the concerned statutes should be amended accordingly.
- New grading system as per UGC guidelines should be implemented.
- Mentoring of the students is to be done in all departments on regular basis with proper documentation
- Establishing a student counselling cell – appointment of one male and one female counsellor – A part of experiential learning in the Psychology department
- International Student Cell be created with one Advisor to facilitate admission and collaborations with foreign students.
- To revamp the existing Cells for SET/NET coaching. Incubation and Innovation Center should promote Start-Ups and to commercialize patents

Building and Maintenance Related

- All hostel messes and dining halls need repairs and painting.
- Floor damages and civil works are to be attended on priority.
- Compound wall for all ladies hostels, need to be built.
- Hostel premises need to be kept clean and plastic free.
- Unofficial entry of outsiders (in hostels and on the campus) needs to be controlled.
- Waste items (Old Cots, Tables etc) are to be disposed to utilize that occupied space.
- Cleanliness needs to be maintained inside and outside the hostel.
- Drinking water facility needs to be enhanced in all the hostels and in different location of the campus..
- Security guards service round the clock, adequate electric lighting on the roads, in front of all ladies hostels and for making campus student friendly
- Facilities like separate 24/7 reading room, meditation room and indoor games are required in ladies hostels.
- Vidya Soudha building of the University is to be renovated on priority basis. Proper upkeep of washrooms also needs to be taken care off immediately.
- Infrastructure on the Campus like roads and drainage can be constructed by a possible resource linkage to the Hubballi-Dharwad Smart City Initiatives.
- The Canteen should have documents relating to contract, menu, pricing and other terms and conditions.

Research, Innovation and Extension

Research output from the Departments of Science, Arts, Social Sciences and have been sustained in terms of higher number of research papers, mobilization of research funds both at the individual and multi-departmental levels. Multi-departmental programs like UGC-UPE and DST-PURSE-Phase-II have added advanced analytical facilities and Molecular Modeling Lab to the tune of over Rs 10.00 crores. As for the Departments of Science, namely, Department of Botany, Chemistry, Physics, Zoology, Biotechnology/Microbiology, Biochemistry, Mathematics, Statistics have produced a large number of research papers with higher journal metrics (i.e. impact factor, H-index, etc). This has been the outcome of individual projects, multi-departmental level programs, national and international collaborations.

USIC under DST-funded SAIF program has been able add 400 MHz NMR spectrometer, Scanning Electron Microscope (SEM) and Powder X-ray Diffractometer at cost of Rs 3.00 cr. As a result USIC provided advanced analytical instrument facilities to the research scholars and teachers thereby facilitating excellent research output. Following are the recommendations for the improvement of teaching program, enhancement of research and promotion of innovation.

b. Short Term and long term perspective plans -administrative measures taken, Training to the non-teaching staff.

Hume Resource Development Centre, Karantak University, Dharwad functions according to the directives of the UGC, New Delhi with a pre approval schedule of programmes. Accordingly, we conduct the courses.

41. BEST PRACTICES

Karnatak University has maintained high standards in teaching and research. It has been taking measures to ensure the promotion of gender equality and has always been disabled friendly. The University is using alternative sources of energy and has taken measures to conserve energy by making use of natural energy resources like solar energy for lighting and heating water. It has adopted water conservation by rain water harvesting. The use of plastic is banned in the campus and pedestrian friendly pathways with rich gardens are maintained. It has a 24X7 green library and botanical garden. The Garden Department is getting awards regularly for maintaining excellent gardens. NSS wing is holding the National Integration Camps. Post Graduate Gymkhana has been promoting both sports and cultural activities. Inter-religious prayer meetings are regularly organized to ensure communal harmony. All these programs are intended to promote unity and integrity of the country. Many Departments have been imparting value education to help the campus community to understand the cultural plurality and the constitutional values. An effort is

made to nurture the qualities of responsible citizenship. The foundation lectures are organized regularly by Prasanga of the University. The eminent personalities deliver foundation lectures to educate the employees and students to create awareness among them about great personalities and their contributions. Wednesday is declared as Khadi day. Wearing of Khadi is made mandatory for all the students and employees on that day. Also Khadi is worn on special occasions like national celebrations and convocation as a respect to Mahatma Gandhiji. The International Women's Day is celebrated with its main thrust on gender justice and equality. International Yoga Day is celebrated and the Department of Yoga has been in the fore-front in the celebration. The birth anniversary of Gandhiji is celebrated as International Day of Non violence.

a. Strengths, Weaknesses, Opportunities and Challenges (SWOC) analyses made and action taken.

Strengths:

1. High public perception sustained by strong teaching as reflected in students' excellence attained, good exam performance, more placements and progressive careers; quality research as demonstrated by papers in reputed peer-reviewed journals with higher metrics, articles and books; accredited at A grade for three consecutive terms and eminent alumni.
2. All admissions are based on inclusivity-cum-merit.
3. Meritorious and motivated students are attracted both from urban and rural areas.
4. Qualified and motivated teaching faculty with professional recognition.
5. Adequate infrastructure for class rooms, ICT, hostels and student support services.
6. Curricula that is modern, learner-centric and skill-centric. They impart contemporary outlook, leadership aspects and ethical values.
7. Responsive governance both in academic and administrative decisions.
8. For high quality research in science disciplines, the state-of-the-art instrument-rich centers, programs and schemes exist at par international level.
9. Ambience and infrastructure that promote Co-curricular and Extra-curricular activities.
10. A Central Library with a large collection of books, periodicals, journals both physically and digitally resourceful for learning, fellowship and scholarship.

Weakness:

1. Pending 'reforms' in academic and administrative matters in response to the present needs for faster decisions and deliverables.
2. Mobilization of funds/block grantis not commensurate with rising demand for creating physical facilities, campus up-keep, electronic, digital resources for e-governance and maintenance costs of equipments procured under major programmes.
3. Dependence on tuition and other fees without parallel income-generating avenues.
4. Rising Student-to-Teacher ratio caused by the delay in the appointment of teachers.
5. Largely conventional administrative procedures due to the partial e-governance implementation.
6. Delay in the deployment of students' management digital services for monitoring progress, etc.
7. No mechanism in place to bring arts, social sciences, management, law and education departments on a level- playing field with the performing science departments with regard to quality research.

Opportunity:

1. To provide access to more number of aspiring students for pursuing PG studies and research by increasing enrolment, physical infrastructure, support services and making faculty appointments.
2. To raise GER in accordance with NEP by sustaining and enhancing quality in teaching.
3. Aligning curricular aspects with NEP and national missions.
4. Adoption of blended learning and skill development in curricular aspects.

5. To initiate policy drafts on procurement, R&D, innovation, IPR, Start-Ups for boosting research, innovation, consultancy and a culture of patenting.
6. To introduce policy for wider involvement of students and teachers in the local area development.
7. Increasing networks, linkages and collaborations (MoUs) with institutions for enhanced quality research both at the national and international levels.
8. Strengthening alumni networks for participation in the University development, guidance and resource mobilization.
9. Adoption of 'Best Practices' as part of the Campus development and Outreach activities for more interfaces with the society.

Challenges:

1. To secure adequate funds/grants from the concerned government departments for meeting rising expenditure.
2. To design curriculum aspects for imparting ethical values, to promote knowledge acquisition, to boost placement prospects, and to make the student 'a good citizen'.
3. To prepare students to become 'learned', service-oriented and leaders.
4. Low quality students coming from more number of affiliated colleges which are offering PG courses without fulfilling obligatory criteria imposed by the College Development Council.
5. Multi-factorial trend in 'demand ratio' drop for enrolment to various PG courses, which includes new competitors and availability of job-linked courses in the market.
6. To provide friendly-academic & -administrative environment for sustaining motivation of the teachers during their service.
7. To attain the benchmarks in research across all the disciplines.
8. To engage with the stakeholders on a sustainable basis for the overall development of the University.

Action Taken:

A strategic plan has been prepared to harness the strengths and overcome the weaknesses. The focus is on navigating towards adoption of the provisions of the NEP

- 2.c. Administrative and academic reforms ushered in based on NAAC peer Team recommendations and Administrative and Academic Audit (AAA) Committee reports

AAA Recommendations

General Administration

- Maintenance of proper documentation along with soft copies, to be preserved in all the departments and administrative sections.
- NAD should be made effective from inception. Digi-locker facility should be started.
- In view of destruction of files and records by white ants and rain waters, it would be proper to scan all the documents and preserve them in the cloud. In this background a separate establishment having strong and safe record room would be essential.

- Some of the employees who have been serving for more than 15 years on outsourcing/Contract basis need to be immediately regularized. The regularization process can consider 15 years of service as a benchmark and a performance review can be the yardstick for regularization. If need be separate statute can be made for the purpose.
- Necessary information and awareness providing booklets related to statutes, guidelines, directives etc., should be made available for employees through Prasaranga.
- E-governance should be implemented across the University effectively using SAMARTH and other portals recommended by the Government of India.
- The finance section needs to be upgraded with existing Financial Management Software- Tally ERP 9 for maintaining double entry book keeping.
- Corpus fund needs to be created in the name of safety insurance and welfare fund collected from the University and affiliated college students.
- * A larger corpus fund needs to be created to meet unforeseen needs of the University.
- * Reinvigorating the Alumni Association
- * For fund-raising to meet demanding needs of Karnatak University in providing quality education, student-support services, expand infrastructure, Section-8 Company may be created to raise funds from individuals, agencies, NGOs, government bodies, etc. Funds donated to this Company may be exempted under IT Act.
- * NIAS type of institution should be started in the University.
- * Undertaking gender auditing
- * Non-teaching staff shall be given ICT training.
- * Functional ICT Should be started given to all the departments.
- * Computerisation, Wi-fi With adequate bandwidth be provided.
- * Appropriate drinking water facility, adequate furniture should be given to all buildings and departments
- * Alumni engagement shall be made more functional in all departments.

Academic Programmes

- * Multidisciplinary programmes should be encouraged and strengthened.
- * CBSE syllabus should be made outcome based, Training is to be given to teachers on outcome learning.
- * MOOCs, NPTEL and SWAYAM should be implemented.
- * The academic programmes be reoriented to produce graduates who are employment ready.
- * The system of self financing as for as diploma and certificate courses is concerned shall be dispensed with as this a state funded University. Normal fees may be prescribed for these programmes.

Teachers Related

- Individual faculty performance in terms of their contribution to Research/Publication/Teaching should be carried out on annual basis.
- Attention is to be paid for improving the quality of Research output.
- Appropriately incentivizing the teachers securing external projects and those who have contributed significantly to the research output.
- One teacher, one research project should be encouraged (a minimum of one project).
- There should be a system of Pay for Performance (P4P) for deserving faculty members.
- Similarly there should be a mechanism of disincentives for defunct or those who are not performing up to the mark.
- Teaching Assistants should be assigned one week training on teaching methodologies including preparation of PPTs.
- Departments with six or more teachers should apply for programs like SAP/FIST and they should apply to the next level of funding.
- A common grievance of the research scholars is the delay in forwarding of letters from the Department to the University office. In this regard, research students' letters/papers with regard to their fellowships/scholarships and other related matters are to be sent to the University office as per the stipulated circular from the University, i.e., within two days from the date of submission of the papers by the students to the Department office.
- Shortage of faculty members is found across the departments which should be addressed on priority basis.
- Permanent faculty should be filled as early as possible. More than 65% of the positions are vacant. There is resource crunch in teaching. Till then teaching is to be strengthened by making provision for visiting professors, fellows, senior fellows, research consultants, lifelong professors, chair professors, etc.
- The University has to consider the possibility of initiating measures in getting talent and wisdom by appointing Professors on invitation/Adjunct Faculty/Visiting Professors.
- Problems of coordination in the single teacher departments need to be addressed;
- Ensuring use of ICT for teaching is essential and needs to be encouraged. If required awareness programmes should be organized.
- Faculty Development Programmes at all levels are to be organized periodically and to be made compulsory for all faculty members.
- Follow up of feedback analysis on teachers in an objective manner is essential.
- Assessing the quality of teaching assistants –accountability; conducting student feedback of guest faculty
- Appointing one coordinator for collection and analysis of feedbacks

Student Related

- Students for Open Elective Courses are to be allotted only to the PG Departments with PG Programmes where there are regular teachers.
- NET, SLET, GRE, G-MAT, CAT, TOFEL training programme shall be provided to all the students of the University.
- Diversity of students is lacking in the University- outside the state and foreign students should be encouraged- the concerned statutes should be amended accordingly.
- New grading system as per UGC guidelines should be implemented.
- Mentoring of the students is to be done in all departments on regular basis with proper documentation
- Establishing a student counselling cell – appointment of one male and one female counsellor – A part of experiential learning in the Psychology department
- International Student Cell be created with one Advisor to facilitate admission and collaborations with foreign students.
- To revamp the existing Cells for SET/NET coaching. Incubation and Innovation Center should promote Start-Ups and to commercialize patents

Building and Maintenance Related

- All hostel messes and dining halls need repairs and painting.
- Floor damages and civil works are to be attended on priority.
- Compound wall for all ladies hostels, need to be built.
- Hostel premises need to be kept clean and plastic free.
- Unofficial entry of outsiders (in hostels and on the campus) needs to be controlled.
- Waste items (Old Cots, Tables etc) are to be disposed to utilize that occupied space.
- Cleanliness needs to be maintained inside and outside the hostel.
- Drinking water facility needs to be enhanced in all the hostels and in different location of the campus..
- Security guards service round the clock, adequate electric lighting on the roads, in front of all ladies hostels and for making campus student friendly
- Facilities like separate 24/7 reading room, meditation room and indoor games are required in ladies hostels.
- Vidya Soudha building of the University is to be renovated on priority basis. Proper upkeep of washrooms also needs to be taken care off immediately.
- Infrastructure on the Campus like roads and drainage can be constructed by a possible resource linkage to the Hubballi-Dharwad Smart City Initiatives.

- The Canteen should have documents relating to contract, menu, pricing and other terms and conditions.

- iv. Refresher courses, capacity building workshops to teachers is recommended.

d. Administrative measures for networking and development of PG centers/ additional campuses, on par with main campus.

1. All the sections and departments are connected with NKN connectivity K. U. Campus.
2. All the PG Centers and constituent colleges have separate broadband connectivity.
3. Central library in the campus is fully digitalized and e-learning facilities are available.
4. All the payments and receipts are made through online.
5. Exam results proceeding, collection of exam applications and publishing of results etc.
6. Most of the procurements and tender process are made through online.
7. ICT facilities are being used by teachers for teaching learning practices.
8. College affiliations to University are made by online / E-Governance.

9. University has a separate website to publish notifications, circulars etc.

10. Separate IT Section which monitor all IT related Campus Network.

F. Promotion of excellence in higher education.

- ◆ Good reputation/Brand value
- ◆ Campus have
 - a. A friendly and safe huge campus with all amenities
 - b. Facilities are reasonably well-maintained with attractive buildings and grounds, with growth potential
- ◆ Proactive Partnerships with other universities, institutes, agencies and corporations to enhance teaching and learning.
- ◆ Past performance
 - a. Three cycles of Accreditation with A Grade
 - b. Appreciable passing and placement rates
- ◆ Student centric support system
 - a. Library with a combination of soft and hard copies of books, journals, magazines, databases

g. «±ÀZÁ®AiãZÀMmÁgÉ©üÀAiãÀ GvË , @À PÉÉAqÀG¥PÀNÀÀ

- Attracting students from other states of India and other countries.
- Involvement of alumni, industries and other stake holders in University development.
- Introducing new courses, revised pedagogy and ICT enabled teaching-learning ecosystem.
- Wider research in relevant and cutting-edge areas and consultancy for generating knowledge and resources for the University.
- Diversifying courses for skill enhancement and lifelong learning

- Increased involvement of the stakeholders for university development
- Building extensive and intensive linkages with other universities and institutions
- Matching societal trends:
 - a. Increased value of higher education completion
 - b. Growing demand for graduates
- Curriculum is designed on the basis need of this day or job oriented programmes for growing demand.
- All administrative and other related activities will be made online by University e-office portal.
- Initiatives have been taken to collaborate with various external institutes/ Universities/ organizations for conducting exchange programmes for the benefit of students and faculties of the University to enhance the capabilities, knowledge and employment.
