3. It is observed that some colleges PG course (affiliated to KUD) where MSc (Physics) course is offered, the intake is being enhanced without any logic. While the intake/strength is increased no efforts are being made by the colleges to proportionately increase the number of qualified teachers for teaching the courses, in order to maintain the quality and student-teacher ratio and adequate lab with research facilities. The number of specializations being offered is also not done scientifically. Thus the students taking admission in such colleges are being put to hardships and injustice. The members discussed this aspect at length and resolved as under:
4. The number of students per specialization in such colleges should not exceed 15 (as maintained in the KU Department of Physics) and if the intake exceeds 15, these colleges or centres should necessarily offer a second specialization.
5. If the colleges do not have teachers on BOE appointed by the university at the semester end examinations (both odd & even semester) then these colleges shall involve evaluation by two examiners from Karnatak University and / other universities. These teachers attending examination work shall be treated as External Examiners and the TA/DA and remuneration to external examiners, be paid by the respective colleges as per KUD norms.
6. LIC visiting the colleges for sanctioning / renewing intake, the LIC shall include the subject expert in concerned specialization from the Dept. of Physics, KUD for which intake is sanctioned.
7. Board discussed in detail with regard to the letter KU/Aca/(S&T)/SBK-255/BOS (UG /PG & Adhoc)/2015-16/966 Dated 23.8.2015 (items No: 8,10)
  - c) Consideration of the letter KU/Aca(S & T) SBL-249/2015-16/963 dated: 05.8.2015 received from Registrar K.U.Dharwad regarding initialization of Finishing School Concept at university level. Board discussed and resolved to accept the initialization of Finishing School Concept and modalities be prepared at university level.
  - d) Consideration of letter No D.O. No.F.1-1/ 2015 (Secy) dated 24.6.2015 by UGC & letter No KU/Aca(S &T)/SBK-Gen-36/2015-16/964 dated 5.8.2015 regarding Prof. Jaspal S Sandhu report in connection with providing quality education, innovation & research in the field of higher education. Board discussed and resolved as in order to provide meaning full impacts to 20 themes identified by MHRD, there may be deliberations on each theme by concerned experts/ faculties and the outcome of these deliberations may be transferred to MHRD.
8. The meeting ended with the thanks to external member Prof. N.H. Ayachit & the chair.
